Upcoming Yucca District Meeting

Residents living in the Yucca District can learn about local and citywide services and development projects at an upcoming community meeting, hosted by Councilmember Joyce Clark.

The meeting will be held at 6:30 p.m. Wednesday, November 4 at Coyote Ridge Elementary School, 7677 W. Bethany Home Road, in the cafeteria. For more information, [click here](#) or call the City Council Office at (623) 930-2878.

Luke Forward Campaign Kick Off. Government and business leaders kicked off a statewide campaign on Wednesday at the Arizona Capitol to bring the new F-35 joint strike fighter to Luke Air Force Base.

Luke Air Force Base is currently the largest active-duty F-16 training base in the world and the Air Force is beginning to replace its fleet of F-16s with the new F-35 Lightning II. The Air Force is expected to release its initial list of military bases that will be candidates for the F-35's training and operational missions within the next couple weeks and make its final F-35 basing decision in early 2011.

Through the Luke Forward campaign, state and local government and business leaders plan to generate support from citizens living in every city and town in Arizona in order to position the state as a strong supporter of the F-35 training mission with the nation's decision makers in Washington, D.C.

Residents and businesses will be learning about Luke Forward through the creation of a new Web site, a speaker's bureau, presentations to business groups, electronic billboards, the use of social media – such as Facebook and Twitter – cable programs and other means.

The focal point will be the campaign's Web site www.lukeforward.com, where residents are being encouraged to register their support of the F-35 training mission at Luke.

For more information on Luke Forward and the importance of Luke Air Force Base to the State of Arizona, visit the campaign's website. If you are interested in scheduling a business or community presentation, call (623) 882-2191.

New Exhibition at the Bead Museum. *From Caves to Castles: If Beads Could Talk* features the private collection of ancient beads and beaded artifacts of museum founder Gabrielle Liese. Beads have been a universal part of the human experience since the beginning of civilization. They are found in every culture and country across the globe from ancient times to the present.

From Caves to Castles covers prehistory (early hominid-caveman era) until the end of the Islamic Period (1400 AD) and probes the question of why beads are an important pathway to understanding human culture. From the simple shell beads of early hominids to the complex glass beads of the Islamic era, visitors will experience the bead story from around the globe and through time. Significant events and turning points in history will be explored from the perspective of beads.

The Bead Museum is the first and largest museum in the world dedicated to the collection, preservation, research, and interpretation of beads and related artifacts. Located at 5754 W. Glenn Drive, The Bead Museum offers guided tours, beading classes, educational workshops and an extensive research library. For more information, [click here](#) or call (623) 931-2737.

Glendale Police: 100 Years of Excellence. Law enforcement is the cornerstone of a safe and happy community, an absolute necessity for our residents, but also a fascinating topic of interest. A new Glendale 11 documentary, “Glendale Police: 100 Years of Excellence,” celebrates the city and police department’s centennial anniversary in 2010.

Viewers will take a historical journey, beginning with old police footage and interviews with former chiefs and officers who share their thoughts on how law enforcement has changed over the years. The show also honors the two Glendale officers who were killed in the line of duty, with personal interviews of their family members and co-workers.

“Glendale Police: 100 Years of Excellence” can be seen on Glendale 11 every Wednesday at 8 p.m. and various other times throughout the week. [Read more.](#)
